Subject: Team Coordination

Hello All,

You are all probably wondering if we are going to resume our team coordination meetings. The answer is yes. But I am waiting for two events.

1) The EPA Office of Research and Development (ORD) will be doing the risk assessment part of the project. They have been in the process of becoming engaged. Tomorrow I hope to receive a list of staff that will be part of this.

Ex. 5 - Deliberative

Ex. 5 - Deliberative

The most significant update is that our schedule has been adjusted to accommodate the ORD folks. We are planning to have a public review draft of the Watershed Assessment ready in October 2011 and a final in April 2012. This may be good news because you have more time, but we will also be asking some of you to travel to Bristol Bay in the fall. If this is not possible please let me know. This may not change your personal schedule, but please let me know if this has other unworkable implications for you.

So please stay tuned. I hope to be getting back to you all before the end of the week to start scheduling meetings.

Phil
